# To Our Customers

---

It's hard to believe that our parents, Ernie and Pierette, started Casual Cushion in a small 1800 square foot facility over 40 years ago. Since then, we've blossomed into one of the premiere outdoor cushion manufacturers in the country.

We now have over 100 employees with over 250,000 square feet of operational space. We've even been recognized by our governor and the White House for our contributions to American employment. We have continued in our parents' traditions by maintaining the values they have ingrained in us and we believe these values are the core of our success:

- to treat our employees, customers and vendors with respect
- to offer a great product at a fair price
- to view mistakes as an opportunity to learn and grow
- to take the time to listen to people and understand what they need

We have also learned that in an ever-changing market, we can't rest on our laurels. We must continue to find ways to bring value to our customers such as developing new products, creating easy to use sales tools and shipping our products to you at the best possible rates.

In our 40th year, we believe that our new swatch book is our best ever as it allows you, our customer, to distinguish yourself by offering a broader fabric selection. Our new Price List/ Catalog combines everything needed to easily find the right products, answer frequently asked questions and view beautiful images designed to inspire your customers. We also offer our customers access to our digital swatches and product images, which makes marketing our products, whether online or in print, effortless.

One of the greatest benefits that makes us truly stand out is our customer service. From the time an order is received, until it is shipped and thereafter, Casual Cushion is responsive to the needs of our customers and will go above and beyond expectations to bring great service with a great product. We encourage new and potential customers to reach out to **ANY** of our existing customers for an honest opinion, as we are confident that they will have great things to say about our company.

To our existing customers, we sincerely thank you for your loyalty over the last 40 years. To those who have not yet experienced what it means to be a part of the Casual Cushion family, we can't wait to see how we can help you grow!

From all of us at Casual Cushion, we thank you for the opportunity to serve you for the last 40 years and we hope to continue providing you the same quality, selection, delivery and customer service for many more years to come!

**The Siesel Family**

# Have a seat. Kick up your feet.

Our cushions weren't made in a day.

Our products are handmade in South Carolina.

Many things have changed in our industry since we started Casual Cushion 40 years ago. Fabric options have evolved so much that they feel like they should be made for indoor furniture. Furniture has gone from being made from PVC pipe to synthetic wicker, exotic wood and hand-finished aluminum.

The one constant at Casual Cushion is that our cushions will continue to be made by hand by skilled people who are passionate about what they do.

Although our equipment may be better, the process is the same. As many as 9 employees may be involved in creating your cushion before it's shipped out.

We begin our process with cutting the fabric; we utilize digital patterns that are either cut, by automated machine or by hand, by experienced professionals to ensure consistency everytime.

From there, our "prep" department creates the boxing, ties (cloth or Velcro®), zippers and all other parts to make sure each cushion has what it needs prior to sewing.

Our cushions are then sewn by experienced people who pay close attention to details such as matching stripes, even through the boxing. They are proud to put their sewing number on the back of your law label.

After sewing, during the process of "turning", the first round of quality control happens. Each cushion is sewn inside out, and this process turns the skin back the correct way and allows our employees to check for any imperfections.

The next step is stuffing our products, which happens 1 of 4 ways: by hand, by deep seating machine, by a horizontal machine or blown (pillows). Before our cushions are stuffed, the cores are fabricated in-house or sourced by local suppliers. After each pillow has fiber blown into it, it is then weighed to ensure consistency. After our products are stuffed, they are either sewn or zippered shut.

Next is the final inspection to remove loose threads and to make sure the cushion is produced correctly. The cushions are then cleaned, packaged, labelled and boxed so they are ready to be beautifully displayed in your store or delivered to your customer.

Orders are then consolidated and shipped. As you can see, the process is extensive, but we know that our customers are more than worth the effort!

Orders will be confirmed within 48 hours to the email address or fax number provided by the retailer. **It is the retailer's responsibility to inform customer service if they do not receive an order confirmation within 48 hours. Retailers have 24 hours from receipt of order confirmation to cancel or change an order.** Once an order has been cut, it is the retailer's financial responsibility.

**Swatch Books:** Fabric swatch books are available at a cost of \$180 per book. This cost is credited to the retailer's account after \$7,500.00 in orders have been placed in a single season. Additional fabric books are available at factory discretion. This decision is based on size of stocking orders and the previous season's special order volume.

**COM Orders:** **Until further notice, we will not accept COM orders for the 2021 season.** In the event that circumstances allow us to resume COM orders, they will be done under the following criteria:

Pricing is A-Grade. Orders require a single, uncut piece of fabric. Contact the factory for yardage requirements. An image of the fabric and a COM form are required prior to an order being placed to ensure proper layout of cushion. The factory may charge more than A-Grade if special cutting requirements are requested, or refuse the order altogether. **Railroad stripe fabrics will not be accepted.**

**Important Shipping Note:** Always mark your company's name, PO number, and the phrase **Attention Production Office** on all COM fabric sent to the factory.

**Additional Welt:** **Until further notice, additional welt is only available for pillows.** In the event that circumstances allow us to resume additional welt on cushions, they will be done under the following criteria:

Fabric-covered welt is available for addition to a selection of our cushions. Consult the Resources section of the Casual Cushion website for the list of cushions that can accommodate welt.

Self-Welt: 30% addition to cost of the cushion

Contrast-Welt: 50% addition to cost of the cushion

Contrast-Welt on a cushion that is standard with self-welt: 30% addition to cost of the cushion

Throw pillows and Pool Stooz have separate welt pricing, which is indicated in their respective sections.

**Additional Ties:** Cloth and Velcro ties come standard as indicated in the description for each cushion. **For the 2021 season, no changes can be made to the tie/Velcro length or location.** Additional ties and Velcro can be ordered for the following price:

**Cloth Ties:** \$16.00 per additional set - each set is 12"

**Velcro Ties:** \$20.00 per additional set - Velcro length varies with cushion

The majority of ottoman cushions do not come standard with ties. If you would like to add ties, be sure to indicate whether they are to be cloth or velcro, as well as the desired placement of the ties. Ottoman ties are usually placed at all four corners or in the center of the sides. Pricing is the same as indicated above.
