To Our Customers

Over 40 years ago, Casual Cushion began in an 1800 square foot facility and has since grown into one of the premiere outdoor cushion manufacturers in the country, with over 250,000 square feet of operational space. We have continued in our parents' traditions by maintaining the values they have ingrained in us, and we believe these values are the core of our success:

- to treat our employees, customers and vendors with respect
- to offer a great product at a fair price
- to view mistakes as an opportunity to learn and grow
- to take the time to listen to people and understand what they need

One of our greatest attributes is our full spectrum of customer service. From the time an order is received until it is shipped and thereafter, each of our departments is responsive to the needs of our customers and will go above and beyond expectations to bring great customer service with a great product.

From all of us at Casual Cushion, we thank you for the opportunity to serve you and we hope to continue providing you the same quality, selection, delivery and customer service for many more years to come!

Have a seat. Kick up your feet.

Our products, which are proudly handmade in South Carolina, weren't made in a day.

Many things have changed in our industry since Casual Cushion was founded. Fabric options have evolved so much that they feel like they should be made for indoor furniture. Furniture has gone from being made from PVC pipe to synthetic wicker, exotic wood, and hand-finished aluminum.

The one constant at Casual Cushion is that we still have our hands in the process. Our cushions will continue to be made by hand, by skilled people who are passionate about what they do. As many as 9 employees may be involved in creating your cushion before it's shipped out.

Our process begins with cutting the fabric. We utilize digital patterns that are either cut by automated machine or by hand, by experienced professionals to ensure consistency every time.

The "Prep" department then creates the boxing, ties (cloth or Velcro®), zipper inserts, and all other parts to make sure each cushion has what it needs prior to sewing.

Our cushions are then sewn by experienced people who pay close attention to details such as matching stripes, even through the boxing process. They are proud to put their sewing number on the back of your law label.

Then our cushions are "turned". This is the first round of quality control, and our employees check for any imperfections. Each cushion is sewn inside out, and this process turns the skin back the correct way.

The next step is stuffing our products, which happens 1 of 4 ways: by hand, by deep seating machine, by a horizontal machine or blown (pillows). Before our cushions are stuffed, the cores are fabricated in-house or sourced by local suppliers. After each pillow has fiber blown into it, it is then weighed to ensure consistency. After our products are stuffed, they are either sewn and zippered shut.

The final inspection, which takes place in the packing department, removes any loose threads, and makes sure the cushion is produced correctly. The cushions are then cleaned, packaged, labeled and boxed so they are ready to be beautifully displayed in your store or delivered to your customer.

Orders are then consolidated and shipped. The process is extensive, but we know that our customers are more than worth the effort!

All-Weather Leather Pool Stoolz

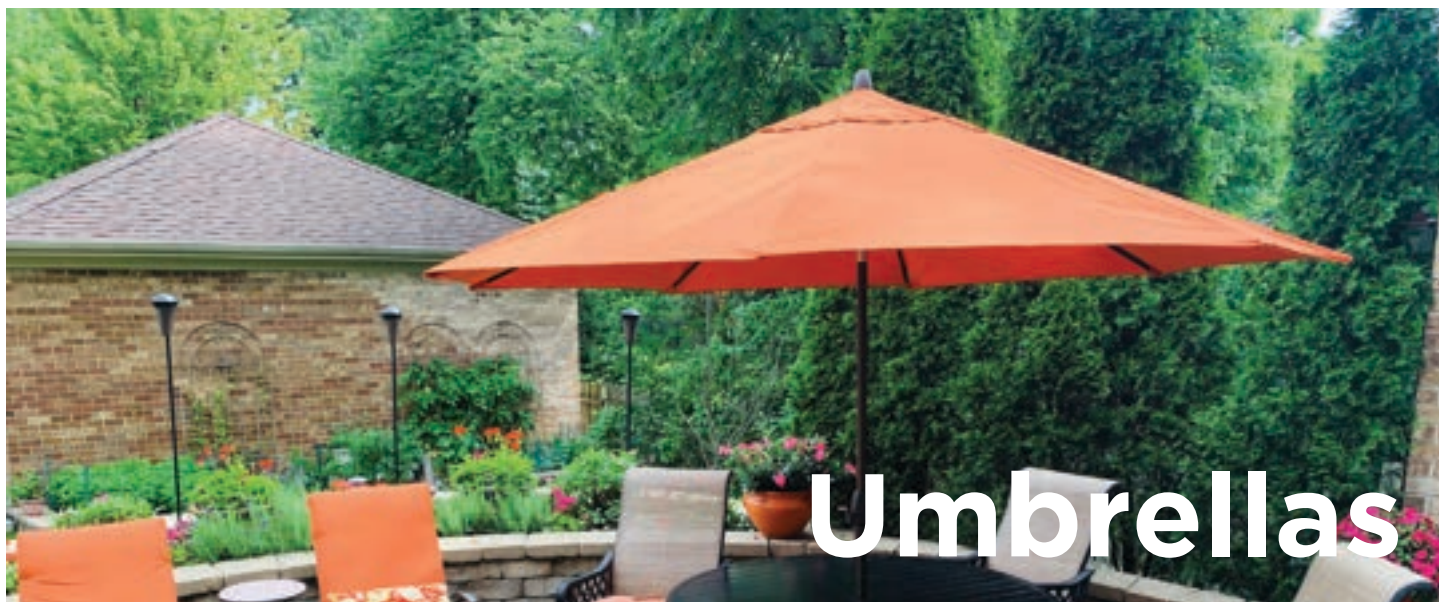

- Handmade in the USA.
- Can be used as an ottoman, side table or additional seating.
- Marine treated, wood base with furniture feet make the Pool Stool core both stable and durable, unlike a traditional pouf.
- Dense core, wrapped in fiber, topped with foam, and encased with a water-repellant cover makes the Pool Stool comfortable and resistant to outdoor elements.
- 12 leather fabrics to choose from.
- The Pool Stool is comfortable enough for any person.
- Great for indoor and outdoor use.

CasualGuard Water Repellent Wrap

CasualGuard is superior to other water repellent options because:

- It can be used with any fabric
- The cushions can be reversed as there are no vents required
- The cushions have a better feel and are more comfortable than cushions made with treated fabric.

Available on select Hanamint, NCI, Erwin, Jensen and Kingsley Bate deep seating.
